**See the following steps:**

O-Ones T-Tens H-Hundreds

**Step: 1**

```
  O  O
350 x 35
-------
   0
```

Multiply the digits in ones place
5 x 0 =0

**Step: 2**

```
   2
  HT  O
350 x 35
-------
  50
```

Multiply the digits in tens place
**5 x 5 = 25**
carry over 2 to hundreds place.

**Step: 3**

```
   2
   H  O
 350 x 35
---------
 1750
```

Now multiply hundred place by digit in ones place.
**5 x 3 = 15**
**15 + 2 = 17**

**Step: 4**

```
 350 x 35
---------
 1750
   *
```

Put * in ones place. Then multiply the number by digit in tens place as earlier.

**Step: 5**

```
  O  T
350 x 35
---------
 1750
  0*
```

**3 x 0 = 0**

**Step: 6**

```
   1
  HT  T
 350 x 35
---------
 1750
 50*
```

**3 x 5 =15**
carry over 1 over to the hundreds place.
