1. What were the food eaten by early humans?

_____

2. Why did early humans live in caves?

_____

3. Why did they eat raw flesh?

_____

- Early humans used **weapons** to protect themselves from animals.
- They used **torches** to find the path at night.
- They **drew paintings** of what they saw around them on the walls of the caves where they lived.

Stone wheels

When the stones rolled from the mountains they acquired a round shape. Humans observed them and thus wheel was invented. In the beginning it was made of stone and later by wood. **Wheel** is the first scientific invention of man.

LET US KNOW

The period which has written documents are called **Historical Period.** These documents help us to know about the life styles of the people, events, food habits, culture, art, architecture, literature and so on.
