Progress in man's life

Man ⟶ family ⟶ society ⟶ Community ⟶ administration

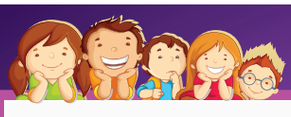

There were burial pots called urns in which the dead bodies were placed and buried under the ground.

Chalcolithic Age

At the end of New Stone Age **copper** was invented. In this age both stone and copper were used. This period was called **Chalcolithic Age.** Bronze was produced when copper, zinc and tin were mixed together. The period when people made tools from bronze was called **Bronze Age.**

Iron Age

After this, humans discovered iron and started using iron tools and weapons. This age was called **Iron Age.** In this age household articles and agricultural tools were made up of iron.

ACTIVITY

Let us write

Write the names of some iron tools in your home.

Sickle, Spade, _____
