Antarctica

Antarctica is the coldest continent on Earth. It is also called the **White Continent** or the **Frozen Continent.** Antarctica experiences half a year of sun light and half a year of complete darkness. Penguins are found in Antractica. There are only permanent research stations from different countries can be found there.

Penguins in Antractica.

Europe

Europe and **Asia** are parts of the same major landmass. Europe is separated from Asia by the Ural mountains and the Caspian Sea. The world's smallest country, the **Vatican City**, is in Europe. The **Volga** is one of the longest rivers in Europe.

LET US KNOW

Finland, in Europe, is called the **'Land of Lakes'** because melting ice sheets have created a lot of lakes here.
