Rashtriya Madhyamik Shiksya Abhiyan (RMSA) was launched in 2009.

The aim of this programme

- Raising the minimum level of education to class X.

Later in 2018, the government of India wanted to provide a single scheme for school education starting from pre-school to Class XII. This scheme is known as **Samagra Shiksha (SS)**.

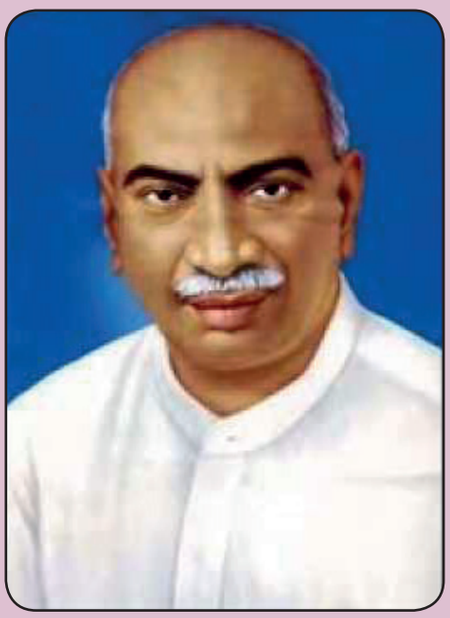

Objectives of Samagra Shiksha

- Providing quality education and improving learning outcomes of students.
- Supporting all state governments in implementing RTE.
- Focusing on girl education.
- Focusing on digital education.

In the past two decades, India has achieved a maximum enrollment of students in schools.

Perunthalaivar **K. Kamaraj's** birth anniversary (15th of July) is celebrated as **Educational Development Day** in recognition of his contribution to the development of education.
